

Craft Project

Difficulty: **Beginner**

Note: Some adult assistance required

spectrumboard | Father's Day Shirt Card

INSTRUCTIONS

1. Choose your Spectrum Board colours. Print the template and carefully cut out all the shapes.
2. Collar: Fold the top left and right flaps inward at a 45° angle to form the collar.
3. Sleeve: Apply glue to the marked areas. Fold the sides to meet in the center, then fold up the bottom flap and secure with glue.
4. Tie: Decorate the tie with markers if you like, then glue it to the top center of the sleeve.
5. Write a heartfelt message on the inner shirt and insert it into the sleeve.
6. Gift your handmade shirt card to Dad!
